[^]Number of devices depends on hotspot type and vehicle manufacturer.

Always pay careful attention to the road and do not drive distracted.

13 Month 3GB Wireless Data Trial. One-time prepaid session-based data trial provides access to AT&T's wireless data services for equipped vehicle, including without limitation features that may be used with wireless data services, content and application. Eligible vehicle, compatible SIM card and trial activation by customer required. **Duration:** 3-month period begins at time of trial activation, and wireless data service expires when 3GB of data is used or when 3-month period ends, whichever comes first. Data not used in period is forfeited. Trial does not renew. **Data:** Usage is calculated in full-kilobyte increments and rounded up to the next full-kilobyte increment. **Hotspot:** Connects up to 10 Wi-Fi capable devices (varies by manufacturer). Devices connected to vehicle's hotspot use data from your plan. Once a device connects, it can automatically reconnect and use data from your plan unless hotspot is removed from returning device settings or hotspot password is changed. Performance varies based on number of devices connected and other factors. **International:** Wi-Fi hotspot functionality not available outside of U.S. & Canada. Service in Canada subject to unaffiliated carrier coverage. **General Wireless Service Terms:** Subject to AT&T Session Based Wireless Data Services Agreement available at <http://www.att.com/USTermsandconditions>. **Offer, terms, and pricing subject to change.** Coverage and service not available everywhere.

Pricing, offer & terms subject to change & may be modified or terminated at any time without notice. Coverage & service not available everywhere.
